**CONTICO®**

For over thirty-five years, Contico has manufactured high quality consumer products for the sporting goods market. Our products are designed to satisfy many specific storage and organizational needs, while offering years of carefree service.

# Heavy Duty Storage

## PRO TUFFBIN®

Structural foam construction. Steel hinge pins and molded-in locking hasps offer security - also available with keyed lock. Molded-in carrying handles allow ease of handling and transport. Heavy-duty lid stays keep lid open while in use.

- x Great for tool storage - inside or out
- x Ideally suited to function as a truck box
- x Perfect for sport gear, camping and hunting

### Model 3725NL

36.75" x 22.75" x 20.25"H / 50 Gallon Capacity  
Recommended Maximum Load: 250 lbs.

### Model 3725 (Lockable version)

36.75" x 22.75" x 20.25"H / 50 Gallon Capacity  
Recommended Maximum Load: 250 lbs.

## PORTABLE PRO TUFFBIN®

This smaller version of the popular 3725 Pro TuffBin® is ideally suited for places where space is at a premium. This version also features tough structural foam construction, steel hinge pins, a molded-in locking hasp and carrying handles.

- x Perfectly sized for use in SUVs, mini vans and trucks

### Model 3514SGL

35" x 15.5" x 14"H / 20 Gallon Capacity  
Recommended Maximum Load: 75 lbs.

### Model 3514 (Lockable version)

35" x 15.5" x 14"H / 20 Gallon Capacity  
Recommended Maximum Load: 75 lbs.

## WHEELED PRO TUFFBIN®

Heavy-duty structural foam construction makes this one of the toughest mobile bins in the marketplace! Steel hinge pins and lid stays will ensure years of superior performance. Locking hasp and carrying handles are molded-in. Wheels are 6" x 1.25" and feature steel hubs with ball bearings and rubber tread - these high-performance wheels will easily maneuver over rough surfaces.

- x Ideal for contractors moving from job to job
- x Weather-resistant design allows outdoor use

### Model UK3725

37.75" x 22.75" x 20.25"H / 50 Gallon Capacity  
Recommended Maximum Load: 200 lbs.

# Storage Lockers

## STORAGE LOCKER

These durable lockers have a molded-in, lockable hasp and molded-in carrying handles. Stocked in Black (BK), Red (RD), Green Camo (GC), and Desert Camo (DC).

- x Great for long or short term storage of a variety of items
- x Designed to be water-resistant
- x Feet on base fit into lid indentions, to help secure stacked units

**Airline & UPS Approved!**

### Model NI1318 (Base version)

32" x 17.25" x 13.25"H / 23.5 Gallon Capacity  
Recommended Maximum Load: 50 lbs.

### Model NI1320 (Wheeled version)

32" x 17.25" x 13.25"H / 23.5 Gallon Capacity  
Recommended Maximum Load: 50 lbs.

## DELUXE TRUNK LOCKER

Sturdy locker will stand up to years of use. Perfect for storing and transporting a variety of items. Oversized, molded-in side handles for comfort. Latches are plated to resist rust. Molded-in hasp accepts a padlock. Water-resistant design. Stocked in Black (BK) and Red (RD).

- X Great for long or short term storage of a variety of items
- X Designed to be water-resistant
- X Feet on base fit into locating ribs on lid, to help secure stacked units
- X Lids & bases ship unassembled, resulting in substantial cost savings

### Model 2326

31.5" x 18.25" x 13.25"H / 23.5 Gallon Capacity  
Recommended Maximum Load: 50 lbs.

#2326BK

## GEAR LOCKER

This heavy-duty locker utilizes structural foam construction, which produces a product with a disproportionately strong strength to weight ratio. Stocked in Black (BK).

- x Heavy-duty, twist-style latches - center latch accepts a padlock
- x Two large capacity trays have sides that extend to the lid
- x Heavy-duty, spring-loaded metal handles
- x Durable, in-line skate wheels make transport easy

**Airline & UPS Approved!**

### Model 3424

34" x 18" x 14.5"H

#3424BK

# Gun Cases

**Airline & UPS Approved!**

## CUSTOM DOUBLE-SCOPED RIFLE CASE

### Model 5215 (Base version)

*Holds two shotguns or two rifles with scopes.*

53" x 15" x 7.75"H / I.D. 51.75" x 12.75"

Structural foam construction. The middle layer of our three-piece protective foam insert can be trimmed to customize the case, allowing guns to be held securely in place. Heavy-duty metal latches, one with a barrel-style lock, secure the case.

#5225

### Model 5225 (Wheeled version)

Two fold-down, soft-grip handles and wheels make transport easy. This case features a full gasket and a pressure relief valve.

### Model 5235 (Tactical version)

This case features two latches with barrel-style locks and a spring-loaded, metal handle with padded grip.

## DELUXE DOUBLE-SCOPED RIFLE/SHOTGUN CASE

*Holds two shotguns or rifles - one with scope.*

53" x 13" x 5.25"H / I.D. 52" x 11"

Structural foam construction. Two layers of convoluted foam hold guns in place.

### Model 5214 (Base version)

This case also features plastic latches and a convenient fold-down handle.

#5224

### Model 5224

Heavy-duty metal latches and a barrel style lock secure this case, and a fold-down, soft-grip handle makes it easy to carry. This case features a full gasket and a pressure relief valve.

## UTILITY DOUBLE & SINGLE-SCOPED RIFLE/SHOTGUN CASES

Two layers of convoluted foam hold guns in place. Structural foam construction.

### Model 5213 (Double-Scoped)

52" x 13" x 4"H

Holds two shotguns or two scoped rifles.

### Model 5211 (Single-Scoped)

52" x 11" x 4"H

Holds a scoped rifle and shotgun, two shotguns

#5213

## Accessories

### BUS TUBS

#### Model 1525GY and 1530GY

Made of durable, commercial grade plastic our Bus Tubs have reinforced handles, bottom and ribs for added strength. Rounded corners for easy cleaning. Tubs are stackable with lids or can be nested without lids.

### PAILS

We offer a variety of U.S. made plastic pails in multiple sizes and colors.
